Others, like Student Council, may involve a school-wide election process. Specific details on the nomination and selection process will be communicated through form notices and how to apply.

Student leadership positions are typically held for a one-year term. Leaders are expected to maintain a high standard of academic performance, demonstrate exemplary behaviour, and fulfil the responsibilities outlined for their specific role. Students who fail to meet these expectations may be subject to removal from their leadership position. Head students will be elected each April and remain in the position for 12 months.
